

## DEI FOR GOVERNANCE: WHAT TO DO NOW, AND NEXT

**SATURDAY, DECEMBER 14, 2019;  
8AM-12PM**

*A workshop about building strategic capacity to lead for diversity, equity and inclusion (DEI)*

What is the board's role in DEI? Aren't the teachers doing the work? Hopefully, yes. And while the teachers do their work, the students also need governance to do *theirs*. In this workshop, participants will:

- Understand the state of DEI in governance today (and how we got here);
- Clarify governance's internal and external DEI responsibilities;
- Identify 3 things boards should know and do now... and what they should plan and prepare for next;
- Learn and share about effective practices to advance DEI;
- Network with peers.
